### HOW TO MEASURE YOUR BRACELET SIZE

We make our bracelets at the average 19cm size. Please measure your wrist to ensure this size fits you, there are different size options available on our website but if you need a different size we are happy to adjust this for you, please send us an email [info@crawfordhill.co.nz](mailto:info@crawfordhill.co.nz) and we will get back to you.

Measure your wrist size:

1. Wrap the tape measure around the part of the wrist where you want the bracelet to sit, so that it fits snugly without feeling too tight or too loose.
2. Mark where the tape measure overlaps and that is the size you want your bracelet to be.

Note: You can substitute the measuring tape with string or ribbon and use a straight ruler to measure the length.

### BRACELET SIZE CHART

<b>Bracelet Size</b>	<b>Inside diameter (cm)</b>
Small	19
Medium	20
Large	21
Extra Large	22

Please make sure you order the correct size, if you choose the wrong size and need resizing there is a \$65 charge which includes resizing and courier.

If you are still unsure about your correct size please email us [info@crawfordhill.co.nz](mailto:info@crawfordhill.co.nz) and we are happy to help.
